“ Your kids miss u so much and I'm still in shock. I know your are in heaven with our son Zander ,kiss him for me but the kids and I wish you were still here with us. I am at a loss for words for your family and the way they have treated our kids throughout all this. You would be furious. I was but now I feel sorry for them I can only imagine what they are going through and I pray they find comfort thru this. I wish I could have said goodbye I'm just glad the kids got to after I called every funeral home to find you but I did just in time or the kids would not have gotten to c u. I don't need to elaborate cause u already know what's been going on. I have drove myself crazy trying to understand how the only thing that's left of you could get shunned and left in the dark thru this. You would think that they would have gravitated to them... SMH such a shame but that is their loss not our kids loss! It took a week but now you can rest in peace. I love you always and 1 more thing u should feel blessed to have had Jackie in your life she has been amazing to me and the kids thru this and I appreciate it from the bottom of my heart !!
